ission of the Foundation

The Foundation of Quebec Chartered Accountants was created in December 2001 and received its charity status in September 2002. The objectives of the Foundation are to contribute to the advancement of education in the profession's areas of expertise and to promote academic excellence.

We hope that the program will make our profession better known among young Quebecers and future CAs.

The mission of the Foundation of Quebec Chartered Accountants is to award scholarships to students from all academic levels. In so doing, we wish to encourage talent and determination.

Starting right at the high school level, the Foundation wishes to draw attention to and reward young people who have distinguished themselves through noteworthy initiatives. Scholarships are also awarded to promote excellence and community involvement among Cegep students, undergraduate accounting students or students registered in the Ordre's *Professional Education Program*. The Foundation also provides substantial assistance to post-graduate students in order to stimulate their interest in teaching.
