

Why should you contribute to the Foundation?

As the Ordre intensifies its promotional efforts to interest more young people in the CA profession, the Foundation wishes to encourage talented individuals to persevere in their studies so that the profession can retain the best candidates. Providing financial assistance to CAs in Ph.D. programs will ensure that enough professors are available to train future CAs. Contributions to the Foundation are used to achieve these objectives.

The tables below provide some very encouraging figures. They show that CAs are increasingly focused on the future of their profession and that their generous donations enable the Foundation to pursue its important mission.
