Foundation of Quebec CAs Golf Tournament raises over \$30,000

On Friday, September 16, during the 2005 Conference, 176 golfers took part in the third edition of the Foundation of Quebec CAs golf tournament. Thanks to their generosity, the Foundation raised over \$30,000.

The beautiful weather and the magnificent view of the St. Lawrence from the new Fairmont Le Manoir Richelieu golf course made this event a resounding success.

On Saturday, September 17, during the profession's 125th anniversary banquet, Julie Péroquin, CA, member of the golf tournament organizing committee, handed out several prizes, including two impressive wine cellars valued at more than \$1,500 each.

The draw was made possible by the exceptional contribution of golfers, who each offered a bottle of wine valued at \$25 or more. In addition, golfers could win more chances at the draw during the putting contest, which allowed the Foundation to raise an additional \$600.

Pierre Fitzgibbon, CA, Claude Gauvin, FCA, Julie Péroquin, CA, and Sébastien Houde, CA

Pierre Fitzgibbon, CA, of National Bank, and Sébastien Houde, CA, of Novatech, were the lucky winners of the wine cellars.

The team made up of Clément Joly, CA, Carole-Marie Allard, Sophie Joncas, CA, and Peter Smith won the title of Best foursome – Vegas formula.

Michel Gagné, CA, from Raymond Chabot Grant Thornton, won a beautiful coffee basket offered by TD Home and Auto Insurance. Diane Veilleux, vice-president, TD Affinity Market Group, was on hand to present the prize.

The Foundation of Quebec CAs would like to thank its golf tournament partners: Genatec, Groupe Pro-Fusion – La Capitale locations lutex division, Merit Golf Vacations, Samson Bélair/Deloitte & Touche, the Autorité des marchés financiers, KPMG and PricewaterhouseCoopers, as well as the many other partners who made this event possible.

TD Home and Auto Insurance

Once again, thanks to the generosity and support of chartered accountants, the Foundation will be able to award scholarships to students at all academic levels to encourage them to pursue their education and choose the CA profession.
